

*Housing Authorities of the  
City of Warner Robins and Houston County*

**FROM THE DESK OF ROSS- SERVICE COORDINATOR**

Since the inception of the ROSS Grant the Warner Robins Housing Authority continues to access and provide available resources to meet the needs of the tenants. We provide workshops and educational events as well as strong partnerships with local businesses to promote self-sufficiency for independent living. We also leveraged additional services and created a positive environment for families, and children.

**HODAC hosted a town hall meeting on Dating Violence for the youth and parents of the Warner Robins Housing Authority ages 12-18.**

**CONNECT2COMPETE PROGRAM**

The Warner Robins Housing Authority partnered with Cox Communications to offer affordable Internet Service for Public Housing Youth. Tablets are offered at \$30.00. By offering this program to our residents we are giving them the opportunity for their children to be apart of the overwhelming growth in technology that they would otherwise not be able to afford. Cox Communications impact on our communities is much needed

**COMMUNITY WIDE BACK 2 SCHOOL BASH**

Book bags with school supplies are provide for our youth, there were Free Hair Cuts from Central Georgia Technical College Barbering Department. All youth of the Warner Robins Housing Authority were given book bags filled with school supplies.
